For Immediate Release

Get Healthy Scott County Blueprint for Transformation

(Scott County, IN) Over the past seven years, Get Healthy Scott County Coalition (GHSC) has launched a proactive initiative to educate and engage Scott County on health issues.

In this same time, the group has enhanced its leadership capacity through grants, training, and professional collaborations. As a result of these planning efforts, GHSC has developed a Strategic Plan to address Job Training, Housing, Transportation, Youth, Support Groups, Multiple Paths for Treatment and Recovery, and Programming, Education, and Support for Families and Community.

Local challenges are best met by local people providing local solutions. The *Get Healthy Scott County Blueprint for Transformation* Event will offer a platform for Scott County residents and friends to come together to meet the unique needs of our community. We invite you to come be a part of identifying where you may be able to contribute to strategies that will help make Scott County a community of abundant life and dignity, where recovery is always possible. Don't miss this chance to become part of the solution.

Join us on Wednesday, September 6, from 1 to 4 p.m., at the Turning Point Church, 899 W. McClain Avenue, Scottsburg, Indiana. All community leaders and citizens are welcome.

Scott County Sheriff Dan McClain recently shared, "The Get Healthy Scott County Coalition has been an integral part of spearheading recovery efforts in the aftermath of extreme challenges the past several years. This coalition has been instrumental in supporting the work I have been doing as one of the law enforcement leaders in Scott County. Their support for me, and my work as Sheriff, has been remarkable, as I have advocated before the county commissioners for increased recovery services in Scott County. The opportunities for networking among community agencies has expedited the implementation of necessary services at our jail, including HIV Testing, HIV Care Coordination, and the Recovery Works program. My involvement with the coalition has been a tremendous asset to my work and their leadership in the county is unmatched."

The entire community is welcome to attend this FREE event. Please RSVP to lcroasdell@me.com or jene.bridgewater@scottcountypartnership.org or text 812-820-0620 by September 3.

Like Get Healthy Scott County on Facebook and text your email address to 812-820-0620 to be added to their "Scott County Happenings" e-newsletter list-serve that comes out every Friday.
